

include/mic\_mag\_compensator  
/impl/mic\_tl\_component\_mag  
\_compensator.h

```
graph BT; A["src/api/mic_compensation_api.cc"] --> C["include/mic_mag_compensator/impl/mic_tl_component_mag_compensator.h"]; B["src/mic_mag_compensator/impl/mic_tl_component_mag_compensator.cc"] --> C;
```

This diagram illustrates the relationship between three source files. At the top is a header file, 'include/mic\_mag\_compensator/impl/mic\_tl\_component\_mag\_compensator.h', which is shaded gray. Below it are two source files: 'src/api/mic\_compensation\_api.cc' on the left and 'src/mic\_mag\_compensator/impl/mic\_tl\_component\_mag\_compensator.cc' on the right. Both source files have blue arrows pointing to the header file, indicating that they include it.
