

ceres::LossFunction

```
graph BT; A[ceres::LossFunctionWrapper] --> B[ceres::LossFunction]
```

The diagram illustrates an inheritance relationship between two C++ classes. At the bottom is a gray rectangular box labeled 'ceres::LossFunctionWrapper'. A blue arrow points vertically upwards from the center of this box to the center of a white rectangular box at the top labeled 'ceres::LossFunction'. This indicates that 'ceres::LossFunctionWrapper' inherits from 'ceres::LossFunction'.
